

Help Your Employees

TAKE THE NEXT STEP INTO HOMEOWNERSHIP

Why Employers Should Share This Opportunity

Supports employee
retention and satisfaction

Strengthens workforce
stability

Promotes homeownership
and community pride

The **8th Street Townhomes** are creating new homeownership opportunities in Craig for working households. These two- and three-bedroom townhomes feature quality construction, modern finishes, and energy-efficient design — the kind of homes employees can be proud to own.

If your household income is between **\$50,000** and **\$90,000** for one person or **\$55,000** and **\$120,000** for a family of three to four, you may qualify. Financial assistance may be available for qualified buyers. Please ask your lender or contact the Craig Housing Authority staff for more information.

**Don't miss your chance to own in one
of Craig's newest neighborhoods.**
